Notes on Book "The Art of Computer Programming"

Why Does This Repo Exist?

This repo exists because in the future when I have time I want to be able to read and write org mode files.

Goal's

- [x] Take notes on important things
- ☐ finish the exercises
- ☐ learn how to use ORG Mode on Neovim
- ☐ take notes in org mode format
- ☐ Read and reread the Material
- ☐ export documents using Pandoc
- ☐ get apply for job at Microsoft and then reject offer
- ☐ write a README

Random Org Mode Notes

- "g?" in order to get keybindings

```python
import tensorflow as tf
import numpy as np
```
